MEMORANDUM FOR: EXECUTIVE OFFICER FOR DD/P, Mr. Hulick  
FROM: Assistant Director, C&D  
SUBJECT: General Charles A. Willoughby

1. If General Willoughby intends to turn over to us a considerable mass of documents, I believe they might best be logged in and catalogued by the CIA Library; after which all Offices concerned might call for those documents of specific interest to themselves.

2. If, on the other hand, it is intended that some representative of CIA call upon General Willoughby in order to screen his documents, I suggest that [redacted] of OCI is probably better qualified for this job than anyone else we are likely to find. [redacted] has served a long tour of duty [redacted]
